The Gilbert teen twins love to speed - Soap Box Derby style.

Tonight at 6 on the Speed Channel, 14-year-olds Karla and Krista Osborne will make their national television debut.

They're featured in a one-hour documentary: *Derby Dreams: Stories from the 68th All-American Soap Box Derby*.

"Throughout the day, they would ask what we were doing, how we were doing things, how we felt about the day," said Krista, referring to the soap-box race over the summer.

The one-hour special shows some behind-the-scenes drama of five competitors and their families as they experience derby competition at the 68th AASBD World Championship, which took place July 30 at Derby Downs in Akron, Ohio.

So far, the Mesquite High students have traveled about 16,000 miles for local and national races.

"I liked meeting all the people, in Akron and from all around the world, we even met people from Japan," Karla said.

"Traveling makes it fun."
